

BIOGRAPHY

Ashley Andrews

Strategic Executive Assistant to Tony Caldwell

Ashley is a proud Texan and “an even more proud AGGIE! WHOOP!” She graduated from Texas A&M with a degree in Business Management with a minor in Biology. Ashley has been with OAA since 2016. She has over 15 years’ experience as an Executive Assistant to several top-level executives here in OKC.

At OAA, Ashley has the privilege of working solely with Tony on a daily basis, keeping him sane, organized and prepared for his day, so that he can be the most use to the organization and our members. Ashley manages Tony’s calendar with the entrepreneurial time system and other executive coaching strategies. She says, “To be successful in this role, you must have patience and the ability to adapt quickly to changes in priorities and scheduling.”

Ashley has a very patient husband, an awesome son that is 10 and two amazing bonus kids that are 13 & 15. As often as she can, you will find her on a beach with her toes in the sand and a fruity drink in her hand!
