

BIOGRAPHY

Melissa Hack

Western Oklahoma Territory Manager / Recruiter

Melissa Hack joined OAA in 2016.

Melissa joined OAA in 2016. Melissa has twenty years in the insurance industry. She started her career with a captive agency then for the next fifteen years on the independent side, with a short time in company underwriting. She has a comprehensive knowledge of the daily workings of an insurance agency and is passionate about helping others achieve their goals.

Melissa enjoys reading and constantly listens to motivational or devotional books on her commuting time. She is the mother of six children ranging in age from 20 years to 9-month-old twin girls and enjoys spending time with her family. Melissa and her husband have a small farm where they ride and train quarter horses as well as compete in rodeos. Along with their six children, they have nine horses and four dogs, so they always have a lot of irons in the fire. But Melissa says "if we're not working, we're not living."
